Summary

Data Science and Artificial Intelligence graduate with practical experience in full-stack web development and UI/UX design. I enjoy understanding what people need and turning ideas into useful applications. Through my projects and internship, I have developed a hands-on approach to problem-solving, teamwork and clear communication. I aim to build reliable solutions and provide thoughtful support to clients and users.

Education

Bachelor Data Science and Artificial Intelligence — **Oct 2022 - Sep 2026**

Applied Sciences Private University | Bachelor

GPA: 3.28

Work Experience

Full Stack Web Developer Intern — **Jul 2026 – Present**

Orange Coding Academy

Built responsive web pages using HTML, CSS, Bootstrap and JavaScript, including form handling, local storage and Fetch API integration with Firebase Firestore.
